Elite - Summit! Becoming a Successful Team for Elite & Summit. Spend the day learning how to better read your dog as they solve the problems at higher levels. When has your dog found all that they can find? When to walk away from a problem they can't solve and what to take away from that situation. Learn how to make your dog a better Problem Solver with upper level hides and complex searches.

NW3 - Elite How to be the Best Team with your dog: Learn to work the dog that you have! Becoming a well-oiled Nose Work team means learning the dog that you have at the end of the leash and how to work them to the best of both of your abilities. We will work on various exercises that will help you learn how to most efficiently cover search areas and solve the problems put before your team.
