This fun course will use your dog's natural scenting ability to search and is suitable for all dogs from pup to senior. Nose Work benefits our dogs in both mental and physical exercise from problem solving skills, increasing confidence through independent searching and allowing for better communication and bonding between dog and handler from behavior observations.

There are no obedience pre-requisites. Dogs will be crated during class in the facility, or, they need to be able to remain in their car waiting for their turn. Some classes may be held off-site.

This class is limited to an enrollment of 6 students, so it is essential that you return the form below with your payment. If the course is full, you will be notified immediately. You may also email Pat at topnotchdogs@optonline.net to confirm enrollment if you wish. ***Bitches that go into season are allowed to attend class wearing sani-panties!*
